TOP 100 PRIVATE ENGINEERING COLLEGES SURVEY, 2016

We at The Higher Education Review have a better understanding of the latest trends in the education sector and believe that a comprehensive mechanism to rank engineering colleges in the country is vital. While the number of students aspiring for engineering education rising exponentially year after year and mushrooming number of institutions to assist them — many with innovative methodologies — it becomes inevitable to find out the current big brands in the technical education arena - the ones that can give IITs and NITs a run for their money. This has also enables us to find out whether the so-called reputed institutions are coping up with the changes.

In 2014, when we came up with our first Private Engineering College Survey, we listed Top 50 Engineering Colleges across the country. The success of our fist edition survey has helped us in getting more nominations from all over the country. Eventually, we have strengthened our approach to analyze the performance of Engineering Colleges. In this second edition, we have ranked Engineering Colleges by combining the scores of a perception survey with the addition of a factual survey, which is based on the data inputs provided by the institutes. While our expert panel consisting of top HR Managers and Dignified Educationalists analyzed and verified the data to list out 80 percent of the factual survey, the remaining calculations were done by analyzing the perceptual survey. In the factual survey, we have divided the scores among different aspects given in the info graphic to come up with a total score.

In this survey, we have found the best engineering college in the country with capability of producing next-gen technocrats and some of them are outperforming the premier institutions in the country by producing successful entrepreneurs. We have also tried to come up with some of the untold stories of institutions, which are listed here and included their secrets to success. We strongly believe that it is important to bring names of such institution to the limelight, so that, their ideologies and methodologies can inspire other institution in the country to drive in a better path and make India a developed nation.

Top 100 Private Engineering Colleges in India

Rank	NAME OF THE INSTITUTE	CITY /STATE	SCORE 1000
1	Birla Inst. of Tech. and Science	Pilani, RJ	941.12
2	PSG College of Technology	Coimbatore , TN	937.34
3	Birla Institute of Technology	Ranchi, JH	926.45
4	M S Ramaiah Inst. of Tech.	Bangalore, KA	920.5
5	Thapar Inst. of Engg. and Tech.	Patiala, PB	915.8
6	Netaji Subhas Inst. of Tech.	New Delhi, DL	912.1
7	Institute of Technology, Nirma University	Ahmedabad, GJ	911.6
8	SRM Institute of Science and Technology	Chennai, TN	911.23
